Goreword

We feel assured that the memories of the years spent by each student at Yakima Valley Academy will be cherished ones.

In order to preserve these memories we have endeavored, in word and picture, to portray the school life as we, the students, know it.

May the ones who in the future, scan the pages of this book, recall with pleasant memories the friends and events here pictured is the sincere wish of

The Editors.

Dedication

- For their efforts and time spent in helping to improve and make this, our school, what it is today.
- For their genuine example in promoting the school spirit, and fostering a keener fellowship among the students,—
- We sincerely dedicate this, our 1942 PITCANOOK, to the ALUMNI of Yakima Valley Academy.

The Pitcanook Staff.

In Memoriam

LEONARD WALLNER

GRANGER, WASHINGTON GRADUATE OF 1941

-of a classmate, student, companion, and friend.

Our School Song

Hail to thee our Al--ma Mater
To thee we pledge our love,
To the gold from the sun-light chosen
To the Blue from the Heaven above.

Then our pride and loyalty—Y.V.A. we'll shout anew—May our actions never tarnish The fame of the Gold and Blue.

Our standards high maintaining The honor of our school, Our character, too, we're building By this, the golden rule.

With the courage of conviction Comes the strength that makes us bold, Comes the love for truth and honor, Symbolized by the Blue and Gold.

CHORUS

Heaven gave Blue, Sunlight Gold
We will be true, Honor hold,
Raise high the colors of our school
And always by the golden rule,
We'll shout its praise as you've been told,
Dear Y.V.A. the Blue and Gold.

We Learn Irom These

Faculty

At this the close of the school year of '41 and '42, the faculty of Yakima Valley Academy look back upon many pleasant memories and experiences of this school year.

The faculty has worked with a determination to inculcate into the lives of the students those principles which will promote the development of sterling characters which will be as enduring as eternity itself.

Future years, only, will reveal the success of our school year; therefore, young people, we hope that the principles taught to you at Y.V.A. will be an inspiration to you throughout your entire life.—May you ever realize that true greatness is found only in service for mankind. It is our solemn hope that each of you will find an active place in God's work.

W. E. Eiseman.

Principal's Address

A few years ago some thought that all of the world's great inventions had been thought out. One man even resigned from the United States government patent office, thinking he should quit his employment before he was turned out, as he expected the patent office would soon be closed up; however, just the opposite has taken place.

Today more inventions and discoveries are taking place in the world than ever before. Today is a day of opportunities for young people who are wide awake and who have a vision. Young people with these qualities naturally feel the need of preparation. This work of preparation and training for the future is education. The kind of education chosen should be in accordance to the vision one has. If one desires to become a great aviator, naturally that person should attend a school where a training along this line is offered.

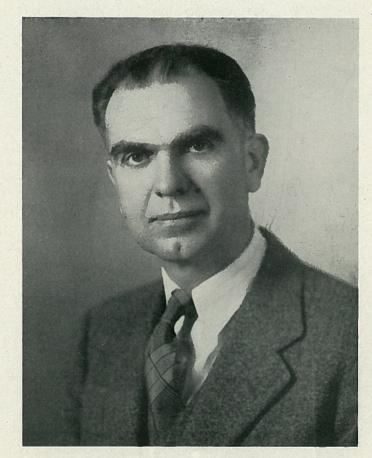

Today our government is facing a great crisis. Our people and industries are being mobilized to successfully wage this war against the enemy. Our young men are being gathered into large camps where they are being trained for some branch of army service.

Likewise God has need of young men in his service. We are told in the book "Education," page 262, that "Many a lad of today, growing up as did Daniel in his Judean home, studying God's Word and His works, and learning the lessons of faithful service, will yet stand in legislative assemblies, in halls of justice, or in royal courts, as a witness for the King of kings. Multitudes will be called to the wider ministry."

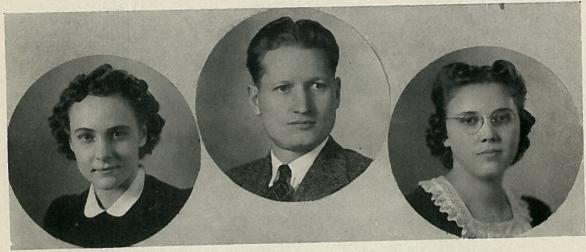

Again we read, "With such an army of workers as our youth, rightly trained, might furnish, how soon the message of a crucified, risen, and soon-coming Saviour, might be carried to the whole world!"

I hope Yakima Valley Academy has been established to assist our youth in developing Christian character, and to help fit them for a place in the Master's service.

Opportunities lie ahead of our youth. Young people with this kind of a vision who are thoroughly consecrated, are cordially invited to come to Yakima Valley Academy.

We Who Graduate

Seniors

The past four years we, the Seniors of '42, have looked forward to the time when we should graduate. Now that the time has arrived, it is with mingled feelings of joy and regret that we realize this is our last year at Y. V. A.

We have had many pleasant experiences and have profited greatly from the time spent here.

Our aim and motto are high and in connection with these, I believe, each Senior's thoughts may be well expressed in the words of Bryant:

"He who from zone to zone,
Guides through the boundless skies thy certain flight;
In the long way that I must tread alone,
Shall guide my steps aright."

Alton Libby.

Juniors

Juniors at last! We finally have entered into the realms of Upper Classmen. We have successfully climbed to the eleventh step of the ladder, and we are sure we can surmount the twelfth. To the Seniors we give our sympathy, knowing that you do not wish to leave this school. Although we feel that we can successfully fill the places you will leave, and hold up the standards that you have set before us-we sincerely hope that each Junior who reads these lines will be inspired by new zeal to join us again next year to make a bigger and better class than ever before.

Underclassmen

We are the lower classmen of '41 and '42. We are here to receive a training that will help prepare us for our life work.

We are a lively, jolly, enthusiastic group of students and have greatly enjoyed our class and school activities.

We wish to thank the faculty for their help, and the rest of the students for their cooperation in making this a very enjoyable year for us.

We have obtained much benefit from this school year and hope to return next year.

Our School Organizations

Religion

"The Holy Scriptures are the perfect standard of truth, and as such should be given the highest place in education. To obtain an education worthy of the name, we must receive a knowledge of God, the Creator, and of Christ, the Redeemer, as they are revealed in the sacred word."—
E. G. White.

This school is dedicated to the one aim of laying the foundation of Christian character and to the well-rounded development of the individual, physically, intellectually, socially, and spiritually.

"There is nothing more calculated to energize the mind and strengthen the intellect than the study of the word of God. No other book is so potent to elevate the thoughts, to give vigor to the faculties, as the broad, ennobling truths of the Bible."—E. G. White.

H. E. Weaver

Sabbath School

SEATED—E. Carlson, M. Turner, R. Grove, B. Jorgensen STANDING—D. Spaulding, H. Matson, F. Siemsen, L. Henderson, C. Welborn

After the bustle of Friday afternoon cleaning has all been stilled and a quiet hush has settled over us, each student begins to look forward to Sabbath School. Because of student leaders with the help of others in missionary exercises and lesson study we have all desired to become workers for God.

Our thanks go to those who have worked and planned every week to make this successful. The special features presented every Sabbath have helped us all in gaining a greater blessing from true Sabbath observance.

-Margaret Turner

Missionary Volunteer Society

SEATED—R. Hartbauer, M. Haussler, Q. Davis, J. Harris STANDING—J. Powell, A. Libby, R. Jaussaud, A. Russel

"Loving the Lord Jesus, I promise to take an active part in the work of the Young People's Missionary Volunteer Society, doing what I can to help others and to finish the work of the gospel in all the world." We, as the students, believe that it is possible to finish the work of the gospel by being good Missionary Volunteers. Taking responsible parts in M. V. Meetings, or singing to ill members of our church are only a part of the duties that M. V.'s fulfill in following the society pledge. Experiences in Christian Endeavor received while we are young will reward us when we have need of them in later life.

Associated Student Organizations

Associated Student Body Officers

MOORE Trees.

The student body is comprised of all the students in our school. Its candidates are chosen by the nominating committee, consisting of one member from each class. These candidates are then voted upon by the Student Body; by this means the officers are elected.

GROVE V. Pres.

The aim of the student association is to uphold the high standards of a Christian educational institution, and to develop closer relations between students and faculty.

Activities are carried on by a democratic method so that each student has equal opportunities.

The outstanding achievement of the student group is the annual publication of our year book, the "PITCANOOK".

We are endeavoring this year as in times past to sponsor a secondary project which will be of benefit—to the school.

Franz Siemsen

Music

"Music was made to serve a holy purpose, to lift the thoughts to that which is pure, noble, and elevating, and to awaken in the souls, devotions and gratitude to God. . . .

"The proper training of the voice is an important feature in education, and should not be neglected. Singing, as a religious service is as much an act of worship as is prayer." PP 59.

Realizing this, the choir, chorus, and smaller vocal groups have been organized with the hope that it will bring the students to the true appreciation of good music.

Clubs

Adding to our social life within our school are the organizations of our respective clubs. The aim and desire of each club is to provide the pure and Christian sociability within our student body.

The boys' and girls' clubs are each sponsored by their respective deans. Officers are chosen once every three months by the club members. A great deal of enthusiasm is created in our club meetings which educates each one of us to better face the social privileges and problems of the world.

We hope, as the clubs have done in years gone by, that a spirit will be created of friendship and loyalty to our school, which will bind us together. We hope it will continue to spread a friendly influence throughout the years yet before us.

Sports

Recreation has an important part in the activities of every student. This is necessary because mental activity without physical exercise is injurious to a person's health. Therefore the school program is so arranged that everyone in school might have the daily advantage of exercise in the open air.

To those who do not have physical labor about the school the gymnasium affords a pleasant opportunity for recreation. Roller skating is perhaps the most popular of the indoor sports. Others include volley ball, basket ball, tumbling, and table tennis.

The best and most profitable of our physical culture program comes out of doors. Such sports as baseball, picnicking, hiking, ice skating, and toboggaming are occasionally enjoyed in season. This year the winter sports were good due to the cold weather which lasted for several weeks.

Everyone has a body, mind, and soul; it is the plan of the school to help students develop these phases of life evenly and in a balanced way.

Industries

Among the industries of our school we have the bakery, shop, dairy, gardening, poultry, laundry, and kitchen.

Our bakery and dairy supply not only the school, but also the surrounding communities with their respective products.

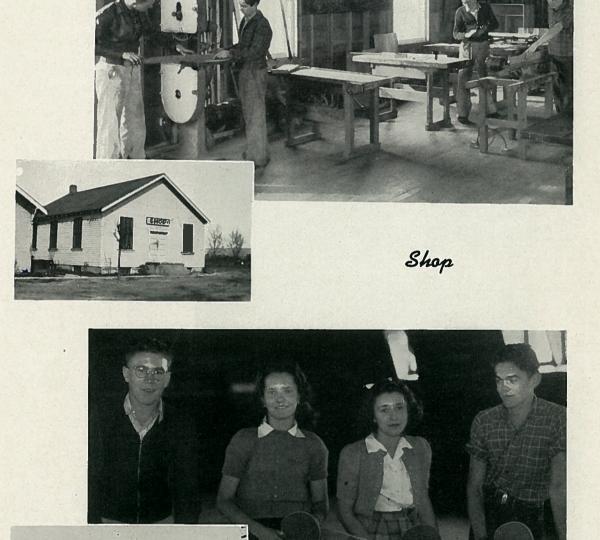

In these various jobs many students play an active part, both in helping to pay their way through school, and gaining an experience, which will in the future we believe, be of benefit to them.
